# CAREER EXPO

All Military, Veterans, & Spouses Welcome

Wright-Patterson AFB (OH) –  
June 20, 2017

## Event

### JOB FAIR: Featuring National & Local Employers

Many employers offer an online application, so why should you attend an in-person job fair? First, because employers attend job fairs, and there is no substitute for face to face meetings. Employers can provide you with tips to bypass or streamline the online process. You can ask the employer about substituting your military experience in place of formal education. Employers can take your information and reach out to you directly when an opening is available. A job fair is a great place to do your homework about salary range, benefits, and clearance requirements at companies where you want to work.
