

# NCOA<sup>®</sup>

**WHEREAS** our military is tasked with protecting the United States of America at home and abroad;  
and

**WHEREAS** the purpose of law enforcement is to protect our local communities as well as enforce the laws enacted by national, state, county, and municipal entities, and

**WHEREAS** many law enforcement personnel are veterans of the armed forces; and

**WHEREAS** law enforcement has much the same mission as our armed forces, just that the venue is different; and

**WHEREAS** there has been a significant increased threat to law enforcement personnel across these United States; and

**WHEREAS** there has been a recent increase of local governments to show signs of support for our law enforcement; now

**THEREFORE, LET IT BE RESOLVED** that the Non Commissioned Officers Association, as a veteran service organization, will officially provide our unconditional support for our brothers and sisters, whether they have served in the armed forces or not, based on our common values of service to our citizenry.
